

I Need a Good Home....

I'm hoping to find a nice home for Sam, a very affectionate, gentle cat from North-Central Florida.

Sam is a healthy, 8 year-old cat. She is spayed and has been using the litter box her entire life and is absolutely flea free.

In the past she has been an indoor/outdoor cat, but she loves people so much that she prefers indoors. Although she may be shy at first, she is comfortable with other cats.

New responsibilities with my job require me to travel often and, therefore, I am unable to give Sam the attention she needs.

Please contact Nick at GatorGuitar1999@gmail.com with questions or interest.
